

**The PER-FIL® Model MICRO-X is a Multi-Spindle, Servo Driven Auger Filling System designed for integration with Stik Pak machinery.**

The PER-FIL® Industries Model MICRO-X can be equipped with 2 – 10 auger spindles with center distances as small as 2.25”.

Long augers extend to the bottom of each forming tube for accurate and dust-free dosing of powder products. Each auger driven by its own servo motor for individual auger rotation adjustment and allowing feedback from an optional checkweigher.
